

South Africa

Purchasing Backhaul

Summary of who owns the physical high-speed networks that form the backbone of the country's internet, along with how those networks interconnect internationally.

Fibre networks and fibre network operators

Commercial, NREN, Government, etc

Operator	Website	Km of Fibre	Services	Email	Telephone
Balwin Fibre	https://www.balwinfibre.co.za/		FTTH		
Celerity Networks	https://www.celerity.africa/		FTTH	info@celerity.africa	+27 (0)11 056 5118
Broadband Infracore	https://infracore.co.za/	14,863	Backhaul	info@infracore.co.za	+27 11 235 1600
Clear Access	http://clearaccess.io/		FTTH	web	
MTN (Bayobab)	https://bayobab.africa/	23,000	Backhaul	web	
Vodacom Business	https://www.vodacombusiness.co.za/business/solutions/carrier-services	33,000	Backhaul	web	
Frogfoot	https://www.frogfoot.co.za/		Backhaul	web	
Liquid Intelligent Technologies	https://za.liquid.tech/	21,000	Backhaul	support@liquid.tech	+27 11 585 0000
OpenServe	https://openserve.co.za/	165,900	Backhaul	web	
Vumatel		18,000	Backhaul/FTTH		010 746 8862
Seacom	https://seacom.co.za/	4,000	Backhaul	info@seacom.com	+27 861 855 855
Dark Fibre Africa	https://dfafrica.co.za/	14,000	Backhaul	info@dfafrica.co.za	+27 12 443 1000
Metro Fibre	https://metrofibre.co.za		Backhaul	sales@MetroFibre.co.za	+27 87 151 4000

National Research and Education Network

- [TENET](#)
- [SANREN](#)

South Africa's NREN is divided between two organisations: TENET and SANREN. TENET is the operational arm of the NREN owned by the universities themselves and SANREN is the government side of the NREN providing infrastructure funding and other services.

Mapping Backhaul

<olmap id="olMapSouthAfrica" width="550px" height="450px" lat="29.0" lon="24" zoom="12" controls="1" baselyr="OpenStreetMap" summary="summary text" > ~~ Plugin olmap help. ~~ Required in the above tag are values for: id (unique on this page), width, heighth. ~~ Also you will want to enter zoomlevel and lat, lon values that make sense for where you~~ want the map to start.

~~ Below is an example of a POI, you can add as many as you want. ~~ More examples: <https://dokuwiki.org/plugin:openlayersmap> 29.2117,5.1287,24.6,.8,marker-green.png,Pont de Barbouillons; Daverdisse external link:
